

NORTHERN
Pediatrics
a department of Northern Regional Hospital

Thank you for your recent visit to our office!

In an effort to continue to serve our Pediatric population we would like to inform you of the new appointment reminder system we have in place. You will be receiving a call, text or email one week prior to your appointment, two days prior, and two hours before your appointment time. If you schedule a future appointment when leaving our office, you should immediately receive a text of the appointment date and time so you can add to your calendar on your device.

We have also added an additional service to send a Happy Birthday message with balloons for your child. We hope this will let them know we are thinking about them on their special day.

Northern Pediatrics is working hard to continue to have the best service for our patients. We will soon be having surveys for you to fill out for us to help better serve you. So please let us know what we can do to make your visit be as pleasant as possible.

If you have any questions or concerns, please feel free to call me anytime.

Sincerely;
Kitty Tate Office Manager
